Re-Opening Plan: 2021 In-Person Gatherings

In preparation for in-person gatherings, we have formulated the following guidelines to ensure safety, cleanliness, and comfort. These have been established with invitation, empathy, and safety in mind. These measures are meant to provide our best level of protection for vulnerable individuals – including children that are not able to be vaccinated yet – and to lower the risk of transmission of the COVID-19 virus as much as possible.

REQUIRED INDOOR PRACTICES:

- *All persons must wash their hands or use hand sanitizer upon entry*
- *All persons attending our indoor gatherings will be required to wear a mask until further notice*
- *All persons must provide their name and phone number (or email) for contact tracing purposes*
- *All persons must maintain two metres of physical distancing at all times*
- *Communion emblems will be prepared and served in a safe, non-contact manner*

PROHIBITED INDOOR PRACTICES:

- *Singing is strictly prohibited indoors*
- *Hugging / physical contact is strictly prohibited indoors*
- ***DO NOT ENTER*** the facility if you do not meet current Alberta Health Services (AHS) COVID screening protocol

If you do not meet the current AHS screening protocols or do not feel comfortable attending an in-person gathering at this time, you are encouraged to participate virtually.

We appreciate your cooperation and support as we work together to remain safe and healthy.
