Dear Community of Christ,

Thank you for your generous donation. Those who come to CUPS seeking hope arrive with a unique set of problems that require a unique set of solutions. Your generosity ensures that CUPS is there to help. Through integrated **health care, education and housing**, your help provides solutions that encourages and empowers individuals struggling with poverty in our city.

While Calgary has grown and changed greatly over the last number of years, what has remained constant is support from compassionate Calgarians such as you. We feel very privileged to be part of such a caring community.

Below, you will find your acknowledgement of contribution. If you have any questions or would like to learn more about the services and programs we provide to impoverished Calgarians, please visit www.cupscalgary.com.

Thank you again for investing in our community. You have made a difference!

Sincerely,

Carlene Donnelly
